

# CLASSROOM INSTRUCTION

- + Students will need to bring their Chromebook to school each day. Make sure to charge the device each night. You will use them at some point, everyday.
- + Lessons and instruction may begin to look a little bit different having a Chromebook in class each day. Some lessons might be delivered via a recording from your teacher. Technology won't replace your teacher. It will help make lessons more meaningful.
- + While we can't promise less homework, it might look different than you are used to. Be patient and listen carefully to your teachers so you know their expectations. They are designing learning to take place both at home and in the classroom to blend the best of both worlds.

# STUDENT DIGITAL CITIZENSHIP

We are committed to teaching our students the essential knowledge, skills, and dispositions for college, career, and community readiness. It is also important that each student understands how to be a safe and productive digital citizen. We will teach each student, in the first two weeks of school, digital curriculum that has been created by ASD. Technology specialists.

## CURRICULUM

- DIGITAL FOOTPRINT
- DIGITAL PRIVACY
- COMMUNICATION
- MEDIA BALANCE
- CYBERBULLYING
- MEDIA LITERACY

# THE 411 ON GOING 1:1

A guide to help you understand what it is all about

# BLENDED LEARNING

Blended Learning is an integrated learning experience. The technology used in each class is connected to provide an integrated learning experience.

Blended Learning has components of learning online, with some element of student control over time, place, path or pace connected with learning in a regular classroom.

It is important to know that we are not just using technology to replace pencil and paper. The blended learning model is only one of many ways we are leveraging technology to reach deeper levels of learning for each student, in each classroom.

## BLOCKS!

**Blocksi Parent Manager will allow you to enforce bedtime and access time on internet sites. You will also have the option to enforce stricter policies by blocking specific online content. You can receive warnings when blocked content is accessed on their device.**

## CANVAS OBSERVER

**Canvas Observer will allow parents to see what is going on in Canvas courses. view due dates, teacher comments on assignments and view scores/grades.**

## ASD FILTERS

**Alpine School District filters will work on student devices both in the school, and will extend to your home internet/wifi.**

### Blended Learning

Students learn in part through on-line learning and they have an element of control over where, when and how they work.

Devices are used to leverage opportunity for personalization.

Classrooms fundamentally shift instruction in a way that provides an integrated learning experience.

### Tech-rich Instruction

Students use technology to do the same work at the same place, time and pace.

Devices are used to support traditional instruction.

Classrooms may enhance traditional learning experiences.

## WHAT CAN PARENTS DO TO PREPARE?

Students will be expected to bring their Chromebook to school each day. Lessons and use will depend on the teacher and what they have prepared to teach. It is important that your student charge their device each night to ensure it is ready for them to connect, discover, create and share.

### SKYWARD DOCUMENTS

1

Parents must agree to allow students to bring home and use district devices through their parent Skyward login.

### DISTRIBUTION

3

Students will receive their Chromebook and charging cable the first week of school. Remind them to charge and bring their computer to school each day

### SCHOOL SUPPLIES

2

We recommend a backpack with a padded section to protect your computer. Earbuds/headphones are also recommended. You may also wish to purchase a case after you see the size of your computer.

### FAQ'S

4

We know this is new. We are excited and grateful for this learning opportunity. Feel free to check our [website](#) for answers to your frequently asked questions.
