Dear Parents,

The Lehi High School staff is dedicated to preparing your student for future college and career options. One aspect of this is our partnership with the federal program **GEAR UP**, which serves students who are eligible to receive free/reduced price lunch. At this time GEAR UP is accepting 10<sup>th</sup> and 11<sup>th</sup> graders into the program.

We have a strong relationship with GEAR UP. I want to encourage your students to take advantage of this great resource. They also offer workshops throughout the year that focus on learning study skills, reading and writing skills, financial literacy, taking career aptitude assessments, help with college applications and the fafsa, FREE ACT fee waivers, finding scholarships and teaching an ACT preparatory class as well as summer college trips. Everything in the GEAR UP program is provided at **NO COST to you**.

The strategies utilized by GEAR UP ~~counselor~~, tutors and mentors are aimed at providing your child with supplemental instruction that will prepare each student with skills and knowledge to make decisions, to be successful in high school, and to open doors for choosing a college and/or career. I encourage you to take advantage of the GEAR UP program.

Sincerely,

Lehi High Administration
