Assistant Principal – 7 years

- Vista Heights Middle School
- Lehi High

Principal – 8 years

- Willowcreek Middle School
- Viewpoint Middle School

“Becoming the Principal of Lehi High School is a dream come true for me. Having lived in the Lehi community for most of my married life, I have witnessed firsthand the kindness, tradition, and pride that make this area so special. Whether it’s a trip to the grocery store or celebrating Lehi Round-Up Week, the sense of community here is undeniable. I feel truly blessed to work in a place where my own children will attend and to serve a school with such a rich history of excellence.

“At Lehi High, I hope to continue to ensure that every student is prepared not only academically, but also socially and emotionally for life beyond high school. Education goes beyond reading, writing, and arithmetic—it’s about fostering positive interactions and developing individuals who contribute meaningfully to society. I am excited to build upon the strong traditions of Lehi High and work alongside students, parents, and staff to make this a place where every student thrives.”
