

Worksheet 1-3

Polygons

a) Name the polygon. b) Identify concave or convex. c) Identify regular or irregular.

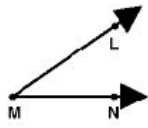

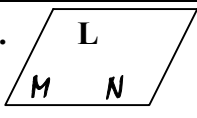

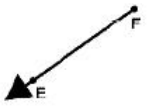

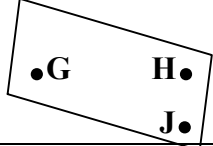

<p>1.</p> <p>a. _____</p> <p>b. _____</p> <p>c. _____</p> 	<p>2.</p> <p>a. _____</p> <p>b. _____</p> <p>c. _____</p> 	<p>3.</p> <p>a. _____</p> <p>b. _____</p> <p>c. _____</p> 
<p>4.</p> <p>a. _____</p> <p>b. _____</p> <p>c. _____</p> 	<p>5.</p> <p>a. _____</p> <p>b. _____</p> <p>c. _____</p> 	<p>6.</p> <p>a. _____</p> <p>b. _____</p> <p>c. _____</p> 
<p>7.</p> <p>a. _____</p> <p>b. _____</p> <p>c. _____</p> 	<p>8.</p> <p>a. _____</p> <p>b. _____</p> <p>c. _____</p> 	<p>9.</p> <p>a. _____</p> <p>b. _____</p> <p>c. _____</p> 
<p>10.</p> <p>a. _____</p> <p>b. _____</p> <p>c. _____</p> 	<p>11.</p> <p>a. _____</p> <p>b. _____</p> <p>c. _____</p> 	<p>12.</p> <p>a. _____</p> <p>b. _____</p> <p>c. _____</p> 

Points, Lines, and Planes

Draw and label the figure.

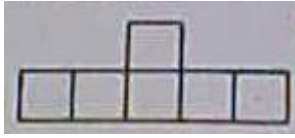

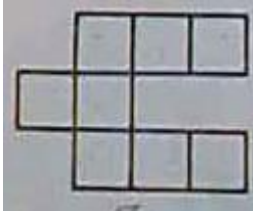

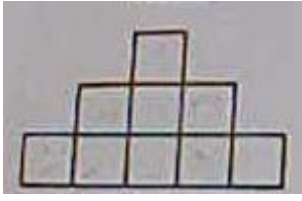

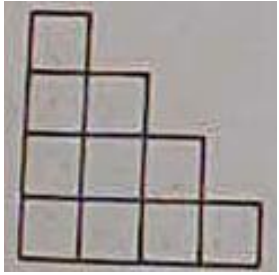

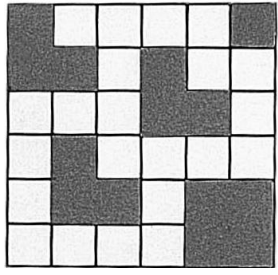

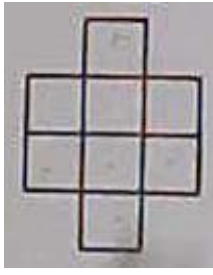

<p>13. Ray AB on Plane ABC</p>	<p>14. Line CD intersecting line EF at Point G.</p>	<p>15. Point H not on line JK.</p>
<p>16. Plane KLM containing Point N but not line OP.</p>	<p>17. Line HI intersecting Line JK at Point L in Plane PQR.</p>	<p>18. Point C on Ray DE.</p>
<p>19. Line Segment FG containing Points H, I, and J but not K or L.</p>	<p>20. Line XY intersecting Ray QR.</p>	<p>21. Plane ABC containing Line DE and Point F.</p>

Name the figure and label correctly.

<p>22. </p>	<p>23. </p>	<p>24. </p>
<p>25. </p>	<p>26. </p>	<p>27. </p>

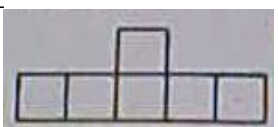

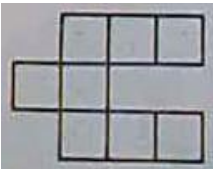

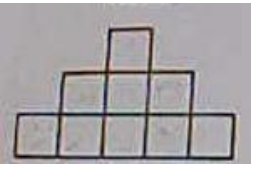

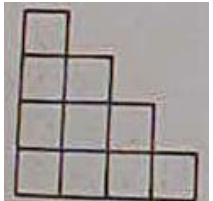

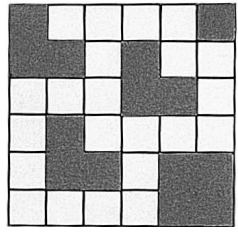

Area and Perimeter

Find the area and perimeter for each figure.

<p>28. </p> <p>A= _____ P= _____</p>	<p>29. </p> <p>A= _____ P= _____</p>	<p>30. </p> <p>A= _____ P= _____</p>
<p>31. </p> <p>A= _____ P= _____</p>	<p>32. </p> <p>A= _____ P= _____</p>	<p>33. </p> <p>A= _____ P= _____</p>

Probability

Find the probability as a fraction, decimal, and percent.

<p>34. What is the probability a bird will land on a square in the top row? _____</p> 	<p>35. What is the probability a bird will land on a square in the second column? _____</p> 	<p>36. What is the probability a bird will land on a square in the middle row? _____</p> 
<p>37. What is the probability a bird will land in a square that is not touching an outside edge? _____</p> 	<p>38. What is the probability a bird will land in a black square? _____</p> 	<p>39. What is the probability a bird will land on a square in the middle two rows? _____</p>
