12:30 Shari Warnick-Cathy Ambrose review of building:

Cathy went through the walk through of the building. Shari Warnick is trying to find the architectural rendering. It is missing. Is trying find a way to get what everyone wants. Parents want a dance studio and locker room most. Trying to see if we can have that AND a little theater. Shari is a parent with architectural design experience and works at UVU.

We want 200 seat theater and give Mr. Criman's dance theater. If we have one, we can rent it out, we can qualify for the CARE grant from Orem. How much is MV portion? Can it be more?
