**Accreditation Preparation:**

-they will be asking for parent feedback, Taran wants to use the council to provide this.

What don't you like:

- \*\*No coordinated curriculum/ common assessments/ pacing guide. These are the elements of a PLC, yet are not being embraced at our school.
- \*\*Flex is not being used as an intervention, just guided study.
- \*\*Lack of collaboration on data

What do you like:

- \*\*Musicals, these provide a great opportunity for many to be involved. It's also a great contribution to the community.
- \*\*Arts & Choir are doing great things, we are strong here.
- \*\*AP Courses offered
- \*\*Positive environment - social, atmosphere, school spirit
- \*\*Administration - the kids like and respect them
- \*\*Caring teachers
- \*\*Sports Programs (Wrestling and Cross Country were mentioned)

What would you change:

- \*\*Have teachers present to the Community Council. So we can emphasize PLC expectations.
- \*\*Find teams to lead out in PLC
- \*\*Have the administration communicate that PLC model is something we are tight on.
- \*\*Help those that are not collegebound to be career ready.

Deficient Credit:

What are the teachers' contributions? What is the graduation rate of their classes?
