# Aviation & Pilot Course

Offered to any Alpine School District Sophomore – Senior 1<sup>st</sup> period A days at Timpanogos High School.

Come learn about the history of aviation, the physics of flying, what it takes to become a pilot, aviation weather, and exciting careers in aviation.

With both semesters, you'll gain 6 college credits while you are immersed in the exciting field of aviation. Throughout the school year we will have aircraft design projects, field trips to the Provo airport, Hill Air Force Base, time in an actual certified flight simulator, and an introductory flight in one of UVU's own aircraft.
