

THE STORM REPORT

WESTLAKE HIGH SCHOOL, SARATOGA SPRINGS, VOLUME 5

FILM FESTIVAL

By: Maddie Wilhelm

On April 24th here at Westlake High School was the Utah High School Film Festival. The auditorium was packed with 352 students. With 14 categories and over 400 entries. The top three in each category were shown and there was not one that didn't belong in the top three.

Sitting in the dark auditorium it was exciting waiting to see who won what. I had the pleasure of sitting next to the person who won the short film category. It was so fun to see his face when they showed his video.

Westlake also had a win in the film festival. Josif Raburn, Matthew Marinos, Marcus Marinos, Chad Hallam, Juan Palomino, and Gabe Meola won the 48 hour shoot-out. Their video "It's OK" had a great twist on the theme "life without the internet". We are all proud of them and their great accomplishment!
