- We hope the test was a good success
- It was organized very well with the ladies who work in the computer lab

## ***Other Business Items***

- March 12<sup>th</sup>, our phones and internet will go down for the day. The district is doing some maintenance.
  - When they take us down, that will also affect every school in our cluster. As soon as the phones and internet come back up, the elementary schools and middle schools will come back up as well.
  - We are planning for the day but are hoping for the sooner than that. Other schools they have done have been back up and running by mid-morning.
  - We will try and tweet or text when the phones are back up.
- Shelbie Fox
  - Passed away 02/26/14.
