You will need to follow the steps included here to download your Google account data to a hard drive or external flash drive. This needs to be completed before July 1st in order to avoid losing access to all of your work.

While classes will be held, students may be allowed to mingle and interact with their peers in other classes for activities, yearbook signing and otherwise meet with teachers to finalize grades, assignments, etc. The atmosphere on these days may be anticipated to be similar to a recess or lunch period with teachers and administrators present throughout the halls and classes, but otherwise, there may not be direct supervision as found during normal class periods.

HAPPY SUMMER! 😊
